Report of the Selectmen,

For the Year Ending February 15, 1900.

TO THE CITIZENS OF HILLSBOROUGH:

It is again our pleasure to present to you an account of our stewardship. In so doing we have endeavored to make our report as compact as possible, as well as plain. If in your perusal of this report, some expenditures may seem imprudent, we can only say that we consider the circumstances warranted the outlay. The maintenance of the town farm has increased more in proportion than any other one item of which this report treats. The cows which have been kept there year in and year out without change, had become old in the service and our attention was called to the fact that they were showing symptoms of disease. We immediately notified the State Board of Cattle Commissioners, who sent their veterinary to inspect the herd. He condemned one cow and an ox and ordered them killed and from the examination that was made, shows he was justified in so doing. He also recommended that we change our leanto to the other side of the barn, thereby giving proper light and air, which we have done at an expense of \$69.51 for so doing, time one other cow has died and we have disposed of four others which were worthless to the town. The agent, we believe, has done well, taking into consideration what he has had to do with. We did not feel like stocking up the farm with more cows, although we did buy one to furnish the farm with milk when the others gave out. There has been but little income from any source, the item of County poor alone being \$94.00 less than last year and the item of cream and milk sold \$142.50 less than last year on account of the condition of the cattle and, unless the farm is again re tocked with suitable cows, it can only result in a continual expense to maintain.

We have continued the police service the same as established nearly two years ago, which we think has given as good satisfaction as was given under the old system at less than one-half expense.

Not being able to make a contract with the existing Electric Light Co., or with the proposed new Company at the price as instructed to pay at last March meeting, we maintained our old system of kerosene lights. When an agreement was reached on Nov. 13th, the agreement being to pay at the rate of \$15.00 per light per year until the town could take action at its annual March meeting, or until a decision was rendered on the vote passed at special meeting. No decision as yet has been given.

This town has been defendant in a guide board case together with the town of Peterborough. This case has been settled by a decision for the towns, they having to pay their own attorneys. Suit was brought by Mary A. Pierce for land damage. This was settled out of court.

The joint suit of this town with Henniker has not been settled. The Commissioners have again reviewed the case and other than receiving their bill for services, we have heard nothing about it.

The Town is defendant in a suit brought by John B. Copp for alleged damage done himself and team on the highway on the new Henniker road, so-called. This the Selectmen have tried to settle, but have so far failed. The annual warrant contains an article in regard to this.

On July 2, 1899, we were notified that the covered bridge on the new Henniker road was on fire. We immediately took men and pails to fight the same, but upon reaching the bridge it was found to be totally destroyed. Steps were immediately taken to ascertain how the fire caught, but nothing definite was learned. It was thought that the same caught by someone smoking. Steps were immediately taken to replace the superstructure and plans and estimates for both wood and steel were obtained. The old abutments were inspected by competent engineers and were pronounced unsafe for a new bridge, one of them not being pronounced so until the same had badly cracked and settled. advertised for bids for both wood and steel and upon the 11th day of July these bids were opened in public at the Selectmen's After hearing the matter discussed, both for and against both kinds of bridges, we were of the opinion that the town would be best served in the end by building a steel bridge. The

stone work was awarded to Charles A. Bailey of Suncook, N. H., and the steel superstructure to the Berlin Iron Bridge Co. of East Berlin, Conn. The same was completed and opened to the public on October 28, 1899. The total cost, including all incidental expenses, was \$7,147.48 and we have issued town note bearing interest at 3 per cent., payable on demand, to pay for the same.

Our town notes have heretofore been drawing interest at 4 per cent. On the first of last May we decided to refund our town debt upon a 3 per cent. basis. This we have done and, as our town debt now stands, it means a saving of \$354.00 each year upon this item alone.

Our expenses this year in some of the different departments of which this report treats have exceeded the amounts thought necessary. Notably so at the Town Farm, which is \$292.87 more than last year; also our law suits. The expense on the guide board case was \$75.50. The suit for land damage was \$15.00. Additional expense on the Henniker road case for Commissioners' bills was \$39.20. The expense of replacing the ox killed at the town farm was \$32.00; also the paying of all back interest due on town notes last year, amounting to \$322.00, besides paying all interest in full to June 1st, 1899; also our house at the town farm was badly in need of repairs. This we have painted, inside and out, and papered and whitewashed. The police station we have painted inside and out and shingled it, both items costing the town \$139.72. We have left \$591.60 more in the treasury than last year and assets to the amount of \$1,168.96 more than last year and, other than a bill due the Hillsboro Electric Light Co. for street lights from Nov. 13, 1899, until the present time and a bill due Burnham, Brown & Warren as attorneys in suit brought by Charles A. Jones and others to compel us to make a five-years' contract for street lights, all outstanding bills are paid.

In closing we wish to thank the citizens of Hillsborough for the assistance they have rendered us in the management of their town affairs.

Town Warrant.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, in the County of Hillsborough, in said State, qualified to vote in Town Affairs: You are hereby notified to meet at Childs' Opera House, in said town, on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon to act upon the following subjects:

- 1. To choose three Selectmen, Town Clerk, Town Treasurer, Collector of Taxes, Highway Agent for the ensuing year, Trustee of Fuller Public Library for the two years ensuing, and all other necessary Town Officers or Agents for the ensuing year.
- 2. To hear the reports of the Selectmen and Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents. Committees, or other town officers, heretofore chosen or appointed and to pass any vote relating thereto.
- 3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt.
- 4. To see what sum of money the town will vote to raise for building and repairing sidewalks.
- 5. To see what sum of money the town will vote to raise for building and repairing highways, bridges and culverts.
- 6. To see if the town will vote to raise any money for school purposes, other than that required by law, or pass any vote relating thereto.
- 7. To see if the town will vote to raise a sum of money, not to exceed fly dollars, (\$50.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.
- 8. To see if the Town will vote that no Liquor Agent or Agents shall be appointed for the ensuing year.
- 9. To see if the town will vote to exempt from taxation for a term of ten years any new manufacturing establishment and the capital used in operating the same, or pass any vote relating thereto.
- 10. To see what action the town will take in regard to lighting its streets, or pass any vote relating thereto.
- 11. To see if the town will vote to accept of the estate of Mary E. M. Smith the legacy of fifty dollars (\$50.00), the town to expend the income of the same in the maintenance and care of her burial lot and that of her deceased husband, Jerry Smith, or pass any vote relating thereto.
- 12. To see what action the town will take in regard to suit of John B. Copp, or pass any vote relating thereto.
- 13. To see if the town will vote to ratify and confirm the vote as passed by the town at its special meeting holden October 18th, 1899, whereby the Selectmen were authorized and directed to contract with the Hillsborough Electric Light and Power Co. within ten days to relight our streets in the same manner as heretofore, covering the time from now to April 1st, 1905, at a total cost to the town of thirteen dollars (\$13.00) per light per annum.
- 14. To see if the town will vote to continue the present by-laws in force, prohibiting cattle and horses from running at large in the highways.
- 15. To transact all other business which may legally come before said meeting.

TRUST FUNDS.

The town holds in trust the following described funds, the income of which is to be used for the following purposes:

The Mark W. Fuller bequest of \$2000.00, drawing interest at 6 per cent. The income to be used, firstly, in keeping in suitable repair the Fuller plat in the cemetery between the Upper and Lower Villages; the balance being used for the benefit of the inhabitants of said town. The town voted to use the balance for the Fuller Public Library.

The Sarah C. Fuller bequest of \$1000.00 to the Fuller Public Library, subject to the same conditions from the town as the Mark W. Fuller bequest, excepting that the First Selectman of said town shall visit the Fuller plat four times each year, forever.

The Abby C. Mordo bequest of \$100.00, drawing interest at 4 1-2 per cent., the income to be paid to church at Hillsboro Center, annually.

The Caroline M. Burnham bequest of \$200.00, the income to be used to forever keep in suitable condition the Dr. A. C. Burnham plat in the Deering cemetery.

The Estate of Sarah Taggard bequest of \$100.00 to forever care for their plat in the cemetery between the Upper and Lower Villages in this town, keeping the same in suitable condition.

The estate of Maria Travis, \$100.00, the interest to be appropriated in keeping in repair for all time the burial lot of her late father and mother, Mr. and Mrs. Jonas Baldwin.

By the will of the late Abney Symonds this town and the town of Windsor are equal sharers in the remainder of the estate of the late Abney Symonds after paying all debts and legacies and the income shall be used yearly towards paying the yearly expenses of said towns and for no other purpose. We have received on account of this bequest, \$2,200.00.

The Catherine W. Bascome bequest, \$100.00, to forever keep in suitable condition her burial plat in the Lower Village Cemetery, so-called.

We publish these, so that each incoming Board of Selectmen may know what their duties are concerning the funds that have been bequeathed to the town, enabling them to comply with their requirements.

REPORT OF CHARLES S. PERRY, OVERSEER OF POOR.

In this report I wish to call your attention to the item of aid rendered Xavier Pero.

Mr. Pero was taken sick with typhoid fever and applied for aid. This I was obliged to give. I notified the County Commissioners of the case and they instructed me that it came under the Board of Health. I notified the Board of Health and they, after viewing the case, said that as the case did not warrant quarantine and as they should not quarantine the case, that it did not come under their jurisdiction.

The Statutes read that when any person or family is placed in quarantine by a Board of Health to protect the public against any dangerous, infectious or contagious disease, it shall be their duty to assist them while in quarantine. Under these circumstances the Board of Health refused to consider this bill as one of their legitimate expenses. They say this case

[OVERSEER OF POOR, CONTINUED.]

was not quarantined, was only placarded the same as a case of measles would have been, and that under no existing circumstances could this case come under them, unless he had been quarantined, thereby making it one of their legitimate expenses. The bill has been paid by the town, the Board of Health refusing to do so and also the County Commissioners, as above stated, and this is the reason why it appears as it does in my report.

Hillsboro Bridge Village Fire Precinct.

STATE OF NEW HAMPSHIRE:

To the Inhabitants of the Hillsboro Bridge Village Fire Precinct, in the Town of Hillsborough, qualified to vote in Precinct

You are hereby notified to meet at Odd Fellows Hall in said Precinct on Monday, the nineteenth day of March, 1900, at seven of the clock in the afternoon, to act upon the following subjects:

To choose a Moderator for the ensuing year.

To choose one or more Water Commissioners to serve

five years.

3. To choose three Fire Commissioners, Treasurer, Clerk, Auditors and other officers and committees heretofore chosen and pass any vote in relation thereto.

4. To hear the reports of the Commissioners, Treasurer, Auditors and other officers and committees heretofore chosen

and to pass any vote in relation thereto.

- 5. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct, and any other necessary charges arising within said Precinct.
- To see if the Precinct will vote to instruct the Water Commissioners to raise the dam at the outlet of Loon Fond fif-

teen inches, or pass any vote relating thereto.
7. To see if the Precinct will vote to instruct the Fire Commissioners to buy five hundred feet of hose, the same kind and

grade that was last bought, or pass any vote relating thereto.

8. To see if the Precinct will vote to instruct the Fire Commissioners to procure a charter at the next session of the Legislature, authorizing the Hillsboro Bridge Village Fire Precinct to construct or purchase and maintain an electric light plant for the purpose of generating and supplying electricity to light the streets and buildings in said Precinct and in the Town of Hillsborough, and for all other purposes for which electricity may be used and may distribute, convey and supply the same by electric wires, or by any other suitable means, upon poles erected for that purpose, or in other convenient ways in any public street or highway in said Precinct and in said town and may relay and repair the same, having proper regard for the rights of the public, or pass any vote relating thereto.

9. To choose Agents, Auditors, or Committees in relation to

any subject embraced in the preceding articles.

10. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twenty-sixth day of February, in the year of our Lord nineteen hundred.

ALBERTO H. HEATH, WILLIS S. MARCY. CHALES S. PERRY

Board of Fire Commissioners.

REPORT OF

Millsboro Bridge Village Fire Precinct.

Commissioners:

ALBERTO H. HEATH,

WILLIS S. MARCY,

CHARLES S. PERRY.

Frank F. Goodwin, Treasurer. Frank E. Merrill, Clerk.

The Fire Department has been called out five times during the year, and there have been two still alarms, but fortunately they have all been put out without much damage.

The Fire Department is in good condition and the members of the companies have answered promptly to the several alarms, and deserve much credit for their prompt work.

This year there has been added one more alarm box, No. 22, at the corner of School and Brown, making eight in all, located at the following places:

- 28 Cor. Church and Myrtle streets.
- 47 Railroad Station.
- 56 Cor. Bridge and Mill streets.
- 62 Main street, near Carter's ice house.
- 76 On School House.
- 78 Central square.
- 82 Bridge street, near Deering line.
- 22 Cor. School and Brown.

At a meeting of the Board of Water Commissioners held March 22, 1899, the following officers were chosen for the ensuing year:

JOHN B. SMITH, Chairman, W. O. STORY, Clerk, STEPHEN DENISON, Superintendent, BROOKS K. WEBBER, Counsel.

On June 23, 1899, the vacancy on the Board created by the death of the late Stephen Denison, was temporarily filled by the appointment of Clarence C. White, according to Section 2, Special Act of Legislature, dated February 25, 1897.

FINANCIAL.

The Board of Water Commissioners respectfully submit their third annual report as follows:

CASH ACCOUNT.

Cash received for water rents, - \$4,267 15
Cash paid to Precinct Treasurer, \$4,267 15

DISBURSEMENTS.

Approved bills or invoices	-	- \$1311 34	
Interest on bonds -	-	- 1800 00	
Sinking Fund		- 1000 00

CONSTRUCTION.

The amounts charged this year are:

Excess renewal Service connections			- -	\$139 40 193 31
Total	_	1200	_	 \$332 71

During the year there has been 253 feet of 6-inch cement-lined pipe re-laid with 8-inch cast iron in the Jones meadow, so-called. This work was considered necessary, in view of the fact that it is on the main supply pipe from Loon Pond; that the pressure at this point is the greatest between the Pond and the reservoir and that the locality is such that should a leak occur in wet weather it would be very difficult and expensive in making repairs.

The cost of this work has been divided as follows:

Renewal account -	, * - .				\$157 72
Excess renewal account		- 1	- 1/2	· .	139 40
Total	_	. =	-		\$297 12

The amount charged to Renewal Account has been re-charged to Income, while Excess Renewal has been included in Construction: standing on the books as Excess Renewal. "Excess Renewal" represents the difference in cost of re-laying the above pipe over the original cost of the old cement-lined pipe. We have also laid 483 feet 14 inch galvanized iron service-pipe, on Mill street, at a cost of \$158.82.

MAINTENANCE.

Expense \$221 70 Care and repair 352 20 Renewal 157 72	
Interest on bonds 1,800 00	\$2531 62
INCOME.	
Gross receipts for water rents - \$4267 15	
Supply appreciation 123 24	
Less maintenance	\$4390·39 2531 62
Net income for year ending Feb. 15, 1900	\$1858 77

"Supply Appreciation" is the enhanced value of supplies and material on hand caused by the advance in iron products.

In estimating the annual income from the water-works, the citizens of our Precinct should bear in mind that they are receiving each year the value of \$1,000.00 in hydrant rental, of which no account is made. This is the amount the old company charged for this service, and in many municipalities where the water-works is public property, an annual appropriation is made, or where not actually appropriated and collected, an equal amount is charged on its books, thus showing in the yearly income.

Report of the Board of Mealth.

To the Selectmen and Citizens of Hillsborough, N. H.:

There has been no epidemic of disease prevalent during the year past. But one case of scarlet fever and two cases of typhoid fever have been reported, and two of measles, both of which latter cases came from other towns, but by prompt quarantine the spread of the disease was prevented.

Your Board wish to repeat with emphasis, as suggestion made last year: Chapter 93, Section 2 of the Public Statutes provides that "No CHILD SHALL ATTEND ANY PUBLIC SCHOOL UNLESS HE (OR SHE) HAS BEEN VACCINA-TED OR HAD THE SMALL POX." That disease has been and now exists in cities and towns within a few miles of our borders, and the constant communication which is had between these points makes it not unlikely that it may be brought here on any day. We have reason to believe that the above quoted statute has not been enforced, and that there are probably hundreds of children and young persons who are unprotected. The disease is contageous even before it can be determined what it is, and many persons thus be exposed, so we again urge the School officers To DO'THEIR DUTY in this respect, and EARNESTLY REQUEST PARENTS to attend to this matter themselves, and thus allay in advance the excitement an isolated case would produce.

Much complaint was made during the early part of Winter concerning the bad taste and odor of the water. An analysis by the State Chemist confirms the opinion repeated-

[BOARD OF HEALTH, CONTINUED.]

ly expressed by the Board and others, that the objectional features were due solely to natural causes, and would right themselves in due time. We recommended that the water pipes be regularly flushed at frequent intervals, especially at the "dead ends."

There have been 31 applications made for sewer connections, and connections completed in 15 cases.

Respectfully submitted,

JOHN GOODELL, M. D., BOARD BROOKS K. WEBBER, OF E. L. CARR, Sec'y.,

Report of the Board of Education

----FOR-----

Special School District.

During the past year several changes have occurred in our school. At the close of the spring term we received and accepted the resignations of Prof. James N. Pringle and Miss Ada H. Buxton. Prof. Pringle resigned the principalship to accept a higher-salaried position in Massachusetts. Prof. Pringle is a faithful and energetic worker and accomplished good results in our school.

Miss Buxton has been for years one of our most successful teachers and resigned her position as assistant in the High school to take a well-earned rest.

After considering numerous applications for the vacant positions, we elected the following teachers for the ensuing year: Prof. Chas. A. Tracy, principal; Miss May Carr Tewksbury, assistant. Misses Kendall, Manahan, Powell, McKellips and Carter were re-elected.

By a different division of the work in some of the grades, we were able to dispense with the services of an assistant in the Grammar school for this year at least, thereby saving the expense of one teacher.

During the fall term Miss Kendall resigned her position as teacher in the Grammar school to accept a more lucrative position elsewhere. To fill this vacancy Miss Winifred Foss was engaged for the winter term.

Drawing has been continued under the able instruc-

[SPECIAL SCHOOL DISTRICT, CONTINUED.]

tion of Miss Butler with very satisfactory results. Some of the advanced pupils are now doing work in water color, the pupils paying for the extra material.

Music was again taken up during the fall term under the instruction of Miss Alys Putnam of Boston. Through the efforts of Miss Putnam and the pupils a small portable organ was purchased for the school without expense to the district. We trust that the study of music will be continued as a part of our regular school course and believe the results will be beneficial to our school and town.

But little has been expended for repairs during the past year. Some new flooring has been laid in two rooms and it will probably be necessary during the ensuing year to place a new floor in the north basement of the school building; also new fire-brick lining in fire box under boiler.

Nothwithstanding the several changes in our corps of teachers good progress has been made in the school work during the year. Prof. Tracy is proving himself an able instructor and the teachers, as a whole, are working conscientiously and harmoniously to make our school one of the best in the State. If the parents will all give their hearty support and co-operation, we believe this result may very soon be attained.

Respectfully submitted,

WALTER J. A. WARD,
MARY E. BROWN,
WATKIN W. GRIFFITHS,
Board of Education.

Report of Board of Education, TOWN DISTRICT,

FOR THE YEAR ENDING FEBRUARY 15, 1900.

BOARD OF EDUCATION:

ALDEN P. FARRAR,

EDGAR HAZEN,

LIZZIE S. TUTTLE.

WM. F. WEST, Clerk of District.

There is always a chance for improvement everywhere, and we are well aware that our rural schools are the butt of many disadvantages; but notwithstanding all this, much improvement has been made in the past year.

It is a pleasure to note the eagerness with which the teachers and scholars have worked together for the same end, both seeming to realize the responsibility placed upon them.

The statement, "As is the teacher, so is the school," has a large measure of truth. Yet the best teachers may be handicapped by unfavorable conditions. Nevertheless, the first necessity is for good teachers. As conditions now ore, we cannot expect graduates from complete courses to give their lives to the rural schools. These facts are well known, and various attempts have been made to meet them. There is the teachers' institute of one, two and three days, the summer schools of two or three weeks, and teachers'

[TOWN SCHOOL DISTRICT, CONTINUED.]

associations. We would strongly recommend that the teachers avail themselves of these privileges, and take a live interest in the work they are doing.

There has been only one change of text-books. We have introduced Metcalf's Grammars, and already we notice marked improvement in the study of grammar. But still there is room for more advancement in this line, to come up to the standard attained in other studies.

A change of readers would bring better results. The readers of the "I see a cat" variety are being crowded out by books that teach not simply new words, but facts of history, natural history, and lessons from nature.

We should try to keep our schools in pace with the times. Education must bring the practice as nearly as possible to the theory. As the children now are, so will the men and women soon be. The good-enough-for-our-fathers will not fill the bill for them. We must educate them for twenty years hence.

Through the generosity of the citizens at our last school meeting, we have been enabled to have a liberal school year, besides repairing the schoolhouses in the middle section, and some painting and repairing was done in the lower section. It is hoped that the same generous spirit will prevail at the coming meeting, as some of the houses are out of repair in the other sections, and many of the houses throughout the district need painting.

The school year was to have been thirty weeks, but on account of sickness, and for other reasons, some of them were shortened. Thirty weeks is none too much for the work that is required of the children. A few years ago when "the three R's, reading, 'riting and 'rithmetic," were the standard, with twenty weeks to learn them in, meant more to the child then, than thirty do now.

[TOWN SCHOOL DISTRICT, CONTINUED.]

Much more is required of our children than was of us, and they must have more school days to work in.

There is nothing good to be had in these days without expense, and it is idle to expect that our rural schools are to be made capable of satisfying our modern ideas at the same cost as those which we seek to supplant. We plead for a broad and generous support of the rural schools and the best possible education for our country people, whose numbers and taxes entitle them to the best.

Thanking you for your interest and generosity in the past, we ask that the same generous co-operation may be extended in the future.

Respectfully submitted,

ALDEN P. FARRAR, EDGAR HAZEN, LIZZIE S. TUTTLE.
